

Engineering

Features of the revisions include: retention of the course on a session basis for all subjects lectured within the School; integration of the sandwich course with the full-time course as a result of the more flexible University policy towards leave of absence for students; elimination of the formally assessed professional training period in the present course; greater numbers of technical electives in the fourth year of study; further development of the Land Studies area: land development, inventory, law, tenure, and utilization, in continuing recognition of the growing importance of this area to surveyors; development of a formal strand to improve students' written and spoken communication skills.

Throughout the course the theoretical studies are complemented by practical exercises in the field and the laboratory. Students make use of the most modern measuring instruments and computing equipment.

The Bachelor of Surveying degree may be awarded as a Pass degree, Honours Class I, or Honours Class II in two divisions. Honours are awarded in recognition of superior performance throughout the course.

Students wishing to become Registered Surveyors after graduation are advised to gain practical experience under a Registered Surveyor. Some reduction in the period of practical experience required before registration may be granted because of practical experience gained during the University course, provided the New South Wales Surveyors' Board is informed in the prescribed manner. Details are obtainable from the Registrar, Surveyors' Board, Department of Lands, Bridge Street, Sydney 2000. The degree of Bachelor of Surveying confers exemption from all written examinations of the Surveyors' Board.

Students enrolled in the Bachelor of Surveying degree course are required to equip themselves with an electronic calculator. Details of the features required are available from the School.

Surveying — Sandwich Course

Bachelor of Surveying BSurv

The Sandwich Course from 1979 has been integrated with the full-time course. The School encourages students to take leave of absence for one or more sessions, as desired, to obtain professional experience. The following transitional arrangements are offered *in 1979 and Session 1, 1980 only*:

Part 6†		Hours Per Week
29.005	Surveying V	5
29.152	Survey Computations II	4
29.661	Cadastral Surveying and Land Law I	2
	General Studies Electives	6
29.211	Geodesy I	4
29.511	Photogrammetry I	4
		—
		25
		—

†Offered in Session 1, 1979 only.

Part 7 (Old Course)**

29.193	Professional Training	
29.194	Survey Camp*	2 weeks: Field 2 weeks: Campus

*Students are required to attend a four-week survey camp, equivalent to 160 hours of class contact.

**Offered in Session 1, 1979 only.

Part 8 (Old Course)††

29.704	Management I	2
29.212	Geodesy II	3
29.312	Astronomy II	3
29.512	Photogrammetry II	3
	General Studies Advanced Elective	3
	Two Electives†	6
		—
		20
		—

†See Electives (Part 8 — Old Course), immediately below.

††Offered in Session 2, 1979 only.

Electives (Part 8 — Old Course)

29.162	Hydrographic Surveying II
29.183	Cartography Advanced Elective
29.213	Geodesy III
29.313	Astronomy III
29.513	Photogrammetry III
29.173	Project
29.623	Land Development III
29.632	Land Inventory II
29.642	Land Law and Tenure II

29.514	Principles of Remote Sensing
29.802	Cartography II

Sandwich Course — Stages 1 and 2

Students commencing the course on a sandwich course basis in 1979 may also take the First Year of the course by part-time study in two stages over a period of two years, as shown below:

Stage 1		Hours Per Week	
		S1	S2
1.001	Physics I	6	6
10.001	Mathematics I	6	6
		—	—
		12	12
		—	—

Stage 2

5.0102	Introduction to Engineering Design	2	
29.001	Surveying I	4½	
29.700	Professional Orientation	1½	
29.800	Survey Draughting	3	
5.030	Engineering C*		6
29.002	Surveying II		5
29.191	Survey Camp**	1½	1
		—	—
		12½	12
		—	—

*Introduction to Systems and Computers Option.

**Students are required to attend a one week survey camp which is equivalent to 1½ class contact hours per week in each session.
